Hello Roseann,

I have another question. There are no freight charges on the quote. Are you going to be charged freight for the order ? If so it should be on my check list.

Cindy -

Attached is a quote from MacCafe for computer equipment for the three deputy coroners. Their current computer equipment is obsolete and unable to run with the current operating system. This quote is under \$7,500; therefore, does not have to go before the Data Processing Board; however, still needs their approval.

Please e-mail approval to me.

Thank you.
